

THE COMANCHE CHIEF

AND PIONEER EXPONENT

VOL. 44

COMANCHE, COMANCHE COUNTY, TEXAS, AUGUST 25, 1916

NO 52

CONTRIBUTORS TO Y. M. B. L. EXHIBIT

The exhibits by individual farmers and local gardeners certainly show one thing; that proper methods can produce anything that grows in Comanche county and produce prize winners at that, the people who have not visited the office and seen the products displayed have no idea just what will be raised here and what specimen can be produced.

We are attempting to give the articles on display as best we can but limited space will not permit a description which we would like to give.

Some of the displays are as follows:

By Joe Tannehill—5 different varieties of plums, all early and particularly smooth and perfectly formed. Perhaps Mr. Tannehill is the best informed fruit grower in the county.

By J. M. Grigsby—Crab apples, plums and peaches; the last of which are especially large. Mr. Grigsby never does things in part.

By A. B. Guthrie—Plums, very attractive.

By Adam Sliger Jr.—Onions, white pear variety. Certainly these are the largest and most perfect onions we have ever seen in Comanche, being 7 or 8 inches in diameter and weighing one and one-half pounds each.

By J. W. Neal—Onions. Mr. Neal's onions spoiled in preserving and we did not get to see them, but Mr. Harris informs us they were exceedingly good.

By J. D. Isham—Yellow cling peaches; exceedingly fine, near perfect. Yellow plums and feterita which showed remarkably long heads.

By A. S. Harris—Extra large Irish Cabbler potatoes, as good as we have ever seen shipped to Comanche. Also carrots.

By R. L. Eaton—Barley, both threshed and in bundles. Barley that 2 1-3 acres made 184 bushels. Also Wheat that made 22 bushels per acre.

By Bob Edwards—Smooth head wheat. Sample showed good yield with perfect stalk and head. We could not get yield.

By Eaton and Knutson—Feterita; sample damaged and is not on display.

By Cal Fritts—Yellow Dwarf maize; the purest we have ever seen in Comanche county. Mr. Fritts' maize was scarcely 3 feet high, but made heavy yield.

By J. W. Cunningham—Good yellow maize.

By S. W. Cunningham—Good yellow maize. Sid was the pioneer of the introduction of maize here.

By J. B. Edwards—June corn; some 11 feet high, each stalk having good ears and some having two large ones.

By C. A. Greene—Bearded barley that made 45 bushels per acre, exceedingly heavy.

By Mr. Martindale—August apples, particularly well shaped and colored.

By Prentice Farmer—White maize. Prentice is perhaps the most successful maize raiser in the county.

By A. P. Perry—Yellow maize, ne yellow dent corn and extra fine Sudan grass. Mr. Perry is a typical diversifier.

By Whit Levisay—Mr. Levisay exhibited so far the largest assortment and all his specimens are excellent. He has white dent, yellow dent, and strawberry, corn; white and yellow maize; fine oats, threshed and in bundle, and extra fine cane heads. Later he will add choice honey and other articles. Mr. Levisay's is a prize-winning.

winner wherever it be shown.

By D. O. Reese—Large melons, specimens could not be kept, but photos were made of a 60-pound long melon and a 90-pound round melon. These were prize winners indeed.

By Sam Lanford—Bearded wheat and spring oats, both in bundle. The oats particularly were worth noticing.

By J. W. Dabney—Wheat and oats, both of which were good.

By Oscar Callaway—Bearded wheat. Mr. Callaway produced the best wheat in Comanche county this year and last.

By C. A. Greene—Bundled barley and oats, heavy maize heads and excellent corn. Mr. Greene had an excellent grain exhibit.

By E. E. Denny—Peaches, crab apples and heart shaped plums. His peaches and plums are worth the notice of any passer.

By Dillard & Clark—As fine blackberries as ever grew in Texas and the largest perfect cucumber the writer ever saw. Dillard & Clark are successful gardeners.

By A. P. Mercer—Extra fine Elberta peaches. His crop was shortened by the drought.

By C. B. Williams—Stalks of June corn planted April 15, May 15, June 9, June 1, July 17. So far he has not brought in all the corn, but the stalks exhibited are fine.

Mrs. R. E. Harris—Strawberry corn as good as could be grown, and excellent yellow maize.

We respectfully urge those who make exhibits to bring a good quantity of what you wish to show as a small quantity never makes good display. Never bring less than 15 ears of corn or one peck of grain. It will show to better advantage.

Y. M. B. L. SENDS FUND TO BUCKNER ORPHANS' HOME

Monday A. S. Harris assisted by E. W. Harris and Jno. D. Waring took a collection about the street to be sent to the typhoid sufferers at Buckner Orphan's Home.

\$85.75 was raised and sent in the afternoon. In addition to this the local Baptist church sent \$42.00, and the Baptist girls have sent \$50.00.

This is a very worthy cause and it is a pleasure to note the cheerful response on the part of those who were asked to donate. It was a worthy thing for the Y. M. B. L. and a kindness on Mr. Harris' part.

Central Christian Church Items.

On last Sunday the Central Christian congregation adopted the recommendation of the official board favoring the call of Rev. S. H. Austin, of Memphis, Texas, as minister of the church. He will begin work about the first of September. Bro. Austin comes highly recommended by the people with whom he has worked, and has impressed all who have met him as being the man for the place. It is hoped that much good may result from the relationship so formed.

Dr. Lockhart will pay his last visit to the church next Sunday. It is urged that he have a full attendance. Dr. Lockhart has been coming to Comanche once each month for more than two years. He is held in highest esteem by the membership, and the change is made only to have a man located in the town. As is generally known, Dr. Lockhart is one of the teachers in Texas Christian University and does Sunday preaching at points accessible to Fort Worth. Everybody invited to attend services Sunday morning and evening.

PLANS FOR HASSE ROAD ARE NEARING COMPLETION

Road to Be Completely Changed.

Plans for the improvement are nearly completed and soon the work will be begun and the road to Dublin made one of the good roads of the county.

Upon going into the matter it was found that a great saving would be made by changing it to some extent. Instead of following the old road the new way will go out the Indian creek road in front of Robersonville church until after crossing the railroad where, near what is known as the Redwine place, it follows the railroad to near the old McDonald place, and here uses the former road to Hasse.

This new change somewhat shortens the distance and can be put in first-class shape for perhaps less than one half what the other road could be put into good condition, and at the same time the new one can be maintained at much less expense than the former one.

The lands have been secured for the opening of the new way and the fencing is ready to start.

When completed the new road will be a reasonably good one. While we personally know nothing about the advantages of the change we are sure the men in charge of this work acted in the best of their judgment and we have this confidence in their capability and feel that they have pursued the wisest course.

CITY MARSHALL RESIGNS

Council Takes Place as Fire Marshall Away—Remaining Salary Too Small to Justify Keeping Plade.

A. F. Blue, City Marshall, informs us that his resignation as City Marshall will be before the next meeting of the City Council to take effect Sept. 1st.

Mr. Blue says that members of the council were not satisfied with his work as city marshal and that they discharged him as fire marshal, because of that, and that without the salary of this office he cannot afford to remain city marshal.

Mr. Blue was the first man to be elected city marshal in years. Whether his successor is to be elected or appointed is yet to be determined.

STREET WORK BEGINS.

Actual work on the streets began Monday when the surveying began. Actual grading will not begin for some time yet. Engineer Lumsden has his crew driving stakes, taking levels, etc., all of which gives Comanche somewhat an air of prosperity.

THE BRADY-MADE FEATURES

The story of a stern country man, head of the town's Morals Committee—his self-sacrificing daughter who saves her younger sister from disgrace by taking her place on a small island where she had gone with a traveling salesman. For the older sister this meant banishment from home and hearth. In the city she meets and marries a wealthy young man who proves unworthy of her—later to be saved from her irresponsible husband by the salesman, now a prosperous merchant, who comes to her aid not only morally and financially, but who also brings her true love and happiness.

COTTON BELT OFFICIALS VISIT COMANCHE

A special train bearing many of the officials of the Cotton belt Ry. spent an hour in Comanche Tuesday. They were making an inspection trip over the road, it being the first trip of the newly elected officials.

The following with their chief clerks and assistants composed the party:

J. M. Herbert, newly elected 1st vice president, St. Louis.

C. W. Nelson, retiring vice president, St. Louis.

J. W. Everman, general manager, Tyler, Texas.

H. D. Earl, superintendent, Mt. Pleasant, Texas.

S. C. Johnson, general auditor, St. Louis.

C. D. Purdon, chief civil engineer, St. Louis.

W. R. Beattie, agricultural commissioner, St. Louis.

J. F. Lehane, general freight and passenger agent, Texas lines, Tyler, Texas.

J. P. Park, general freight agent, St. Louis.

R. D. Cobb, auditor, Tyler, Tex.

E. B. Perkins, general attorney, Dallas, Texas.

W. J. Miller, master mechanic, Tyler, Texas.

J. W. Kilfoyle, superintendent locomotive power, Tyler, Texas.

J. C. Brown, traveling engineer, Tyler, Texas.

A. R. Edson, attorney, Hamilton, Texas.

J. S. Perry, superintendent bridge and builders, St. Louis.

W. M. Quinn, superintendent bridge and builders, Tyler, Texas.

E. H. LOWE PASSED AWAY.

E. H. Lowe, well known in Comanche quietly passed away at his home near Comanche August 19, after an illness of nearly.

Edwin Hughes Lowe was born in Murfreesboro, Tenn., June 27, 1846, and came with his parents to Texas in 1853, settling in Cherokee county. He joined the Confederate army at 16 years of age and served to the close of the war.

He was married February 4th, 1869, to Mary Egbert and of this union there were two children, Colon Lowe and Mrs. Ina Griffin, both of whom were present at the time of Mr. Lowe's death.

He came to Comanche in 1895 and settled north of the city in which neighborhood he resided until the end.

He was a man of firm conviction and a believer in the triumph of justice. He was a steward in the Methodist church for 25 years, becoming a steward at the time of the death of his father, who had served as such during the time of his life. He joined the church when a boy and lived a consistent member throughout his life. Always he was a leader in the upbuilding of the church and of the community, and a man who fearlessly fought life's battles and approached the end without fear, and passed out, having led a useful life, obeying the will of his maker.

He was laid to rest Sunday morning at Oakwood cemetery by the loving hands of his life-long friends, who extend their sympathies to the bereaved relatives.

BANKS LIKELY TO FINANCE IMPORTATION OF COWS

A move is on foot by one of the local banks to finance the importation of blooded milk cows. If there be any one thing we need more than all other sat this time it is blooded stock especially in cows.

We consider a cow in this country that gives three gallons of milk per day a good cow and one that gives four gallons an extra good one. While in dairy states cows commonly give six gallons per day and those giving less than 5 are not kept for milk cows.

The idea is this—to have a car of choice cows shipped in and sold to responsible parties on time. This takes money and a local banker will finance the move.

Baptist News Notes.

The Newburg meeting was one of real spiritual power and resulted in 16 conversions and a dozen additions to the church. The church was greatly revived and Pastor Brisco and people were very happy. It was a pleasure to labor with this good church.

Dr. J. N. Campbell of Junction was here Saturday and Sunday in the interest of the Baptist Standard, and secured thirty subscriptions here and at Newburg. He is one of a few pastors in Texas who has placed the Standard in every home represented in his church.

Wednesday night of this week was the time for our monthly conference and the church heard the letter to the Association, and deferred formal action on the same till next Sunday morning at which time messengers will be elected to the Association. The report for the year's work showed about \$3500 has been raised for all purposes, and a net increase in membership of 41 members.

At the close of the morning service next Sunday, we will attend to ordinance of baptism for those who are approved for baptism and any others who may come prepared to be baptized.

The Comanche Baptist Association will convene with the Gustine church next Wednesday morning. Every member of our church and all the other churches who can possibly do so should attend this association. The association will be in session for three and possibly four days.

The subject for the sermon Sunday morning is, "Sanctified Logic," at 8 p. m., "Unwarranted Delay."

You are cordially invited to worship with us.

"Let the words of my mouth and the meditation of my heart be acceptable in thy sight, O Lord, my strength and my redeemer."—Ps. 19:14. Geo. A. Curlee, Pastor.

Storm Sweeps Del Rio.

A letter from Mrs. Natt Holman from Del Rio says that the recent hurricane was felt there heavily. Nearly all the soldiers' tents were wrecked and many of the national guardsmen were so badly scared they came near running all the way back to the states from whence they came. She says that many lighter houses and trees were torn up and other damage resulted.

We have some odds and ends in paints and varnishes that we are offering at a greatly reduced price.

A. & M. EXTENSION AGENT LECTURES ON CANNING

Mr. Lunn of the Extension department of A. & M. has been doing some demonstration work on meat canning in the county this week. Canning the meat so that it will retain its natural flavor.

Mr. Lunn spent many years studying this question and finally perfected a plan that would keep meat with its natural flavor for an indefinite period. When his work was discovered he was immediately employed by A. & M. College to give the method to the people of Texas, he being a resident of the state at that time.

Thursday a meeting was held at Briar Grove Schoolhouse, which was well attended, where Mr. Lunn canned some meat for the instruction of those present.

The process briefly is this: The meat (Mr. Lunn used 3 1-2 pounds of steak procured from the local butcher) was placed in a common frying pan in grease and seared on each side after which salt and pepper were added. Then the meat was fried (in as large pieces as possible) to the degree desired after which it was cut up into chunks that exactly fit a 2 1-2 lb. can, and the juice (gravy) all poured into the can until it was nearly filled. The can was then sealed. It was then placed into an oven which contained water and kept in a steam pressure of 15 lbs. for 40 minutes, after which the can was removed and plunged into cold water.

Meat treated this way will taste years afterwards just as it did when canned. Mr. Lunn has put up thousands of cans of meat in this manner and has never lost a can.

The process if applied will care for every particle of meat of an animal and eliminates the possibility of loss on account of weather and prevents shrinkage of the meat.

Several people tasted some of the meat previously canned and said they could taste no difference in flavor.

The value of the use of this process is incalculable to the people of this county, as it certainly saves waste in the product, labor in the cooking and at the same time permits pieces of the animal to be used that otherwise would be lost.

Mr. Lunn is certainly doing a great work along this line, and people will profit greatly by hearing him.

MARCHING ON.

Christian Church Being Remodeled

The Central Christian church is being overhauled this week, receiving a new coat of paper and other interior decorations.

Mrs. A. M. Carville is having her home near the high school remodeled and added to.

ONE DOLLAR PER ANNUM

SOME BIG MEN will set in the bodies of the state legislature when it assembles this winter. "Renzie" Johnson, Barry Miller and some of the other big men of the state have gone to the legislature. Perhaps some went for a definite purpose, but we had rather have the brainy, honest, fearless men of the state in charge than to have an assembly of asses as we have sometime heretofore had.

THE RURAL CREDIT LAW is a step toward the solution of the rural land question. The rural credit law will not enable people to buy homes; it merely enables them to borrow money to improve farms and not to purchase. The thing we need is a plan that will enable worthy tenants to purchase homes. A perfection of the rural credit bill will lead to this.

REGIONAL RESERVE BANKS was a great move but it has only succeeded in part. True it made it possible for the banks to get cheap money in times of panic, but it has not cheapened the interest rate to the farmer and nothing will enable the farmer to finance his marketing except cheap interest rates. The next move made in the aid of the rural classes should be to cheapen interest rather than make profits easier for banks.

IT IS QUITE AMUSING to the mere onlooker to notice the radically prohibition newspapers fighting for Culberson, a life-long anti, for Senator. Prior to July 22 most of them supported Brooks. Then Culberson was an invalid and not rendering his state just service for his compensation. Since then these prohibition sheets and speakers have physically cured him, washed away his sins and exalted him to a position of great influence in the senate. Why the change? Culberson is the same man. Strange goings on do happen.

BORDER RAIDS HAVE CEASED. We are glad. Order is being restored and people who have left their border homes are moving back. We rejoice. These people had a God-given right to dwell in peace and safety anywhere in the dominion of the stars and stripes. Texas is within that dominion and Texans had right to this protection. It has been given. True, 'twas slow, and made orphans of many children, but it has come. Wilson has learned the lesson. The only way to have quiet with Mexico is to keep them afraid.

PAPER FARMING is the custom among editors of all kinds of papers. The only good bit of paper farming we ever have received is the following:

"It takes money—working capital—to run a farm, as it does in any other business, and the return of the investment is not in all cases large if the owner reckons the cost of his own labor. But for those who are willing to count health, and independence, and sunrises, and sturdy children as among the riches of life, the cultivation of the land offers a better living and a better life today than ever before."—Woman's Home Companion.

LOUDER GROWS THE CALL in the government affairs of the state and nation for men who are bigger than measures. The brainiest men in the country are needed in the local and national governments. Measures do not count for much if the men in charge of the government are wise and honest. The fact that generally people are not sufficiently informed on measures is shown by their votes on amendments, none of which are even understood generally. There is no question but that the men in charge of governmental affairs are in position to know what is best for the government if they are honest enough to do it. In order to have good government it is necessary that we select our representatives with regard to their honesty and ability rather than because they have voted or worshipped with us some time in the past. We need men, not measures, to consider.

NEW YORK BOXMAKERS are on strike. There are 18,000 workers in this trade in New York. Three-fourths of the number are girls. Labor leaders and social reformers declare that it is the most immoral trade in Gotham; that the very atmosphere of the shops and the attitude of bosses and foremen are most dangerous to the girls who work there. Hundreds of girls are ruined. They are paid starvation wages. If the boss or the boss' son or the foreman

wishes to take a girl out he threatens to discharge her if she refuses. New York sends missionaries to foreign countries every year. New York philanthropists contribute millions to the foreign missionary fund every year. New York politicians are greatly worried over the conditions which prevail in southern cotton mills. There are Pharisees today as there were Pharisees when the Nazarene walked the earth. There are hypocrites today and the Uriah Heeps of society are in evidence everywhere.—Fort Worth Record.

MORE THAN WE BARGAINED FOR. Two boys came to us seeking a place to work for their board while attending school. We advertised for places for them without charge and by Monday we had more places offered than we had boys. This was highly gratifying because nothing better can be done than assisting young boys who are worthy to attend school. We want more homes and more boys. We do not want boys who are able to go to school, nor do we want boys unwilling to work. We want ambitious boys who are willing to pay for their schooling by working. On the other hand there are many homes in Comanche who really need a worthy boy about the place. If you can use one let us know and we will send some boy whom you can render the greatest kindness he will receive in his life and who will pay for his keep.

CHAS. H. MORRIS and his backers spent \$20,000 trying to educate the public that it was wrong for Ferguson to spend \$30,000 being elected governor. Now he says he will run in 1918 and perhaps spend \$20,000 more, and perhaps "raise it a bean." He is willing to spend \$40,000 to be elected but says it was wrong for Ferguson to spend \$30,000. Well, best we can figure, Morris just plain wants to be Governor.

A PROPOSED CURE. Hugh Nugent Fitzgerald does not claim to be able to cure all the government ills, but he is a boss good hand to diagnose cases. Print paper is soaring. The government is calling on newspapers to save paper. They advocate subscription trimming and reduction in size of papers. Hugh Nugent advocates the reduction of bulletins and conservation of printed matter by the government. And come to think the congressional record could be shortened by leaving out some speeches and the public in general would not suffer.

HENRY FORD says that most Americans eat too much. He is absolutely correct. One reason for "blue Monday" is the great American Sunday dinner. Several million good Americans assign a light task to the stomach at noon on the six working days, only to load it with a tremendous burden on the seventh, when the body is resting and the food requirement consequently small. Fancy the grief and indignation of the hard-working stomach accustomed to an easy task at noon, when this unexpected seventh day load is thrust upon it. It is safe to say that if our stomachs were given the same few things to work on every day, at about the same time every day, we should all of us be ever so much more well.—Woman's Home Companion.

BREAKING DOWN STATES RIGHTS is a crime chargeable to both parties. The plan of the American government outlined by men whose souls had been purified by the crucible of revolution, is the nearest ideal in the history of the world. It approached the ideal outlined by Plato in the "Republic." It lit the torch of liberty that gave freedom birth in all nations. This plan of government recognized two kinds of rights, State and National. It was a compromise between strictly National and Confederate States. Both political parties recognized the rights of each. The first encroachment came with the levy of the excise tax which Hamilton enforced by arms. The next was the permitting of the negro to vote. This was done neither for the benefit of the negro nor the nation, but as a punishment to a vanquished people without regard to "right" in the case. The latest is the child labor bill. The first two were instruments of the present republican party, the last is product of the democrats. It is time for Southern people to awake if we hold sacred the traditions for which our fathers fought in the 60's. Gradually these rights are being absorbed. National equal suffrage, national prohibition, national child labor laws and the recent law making it possible for the U. S. soldiers to guard polling places are all invasions of the sacred rights of states. We must have men in the national congress big and brave enough to resist these encroachments.

A SHORT PARABLE?

And it came to pass that after he had advertised his goods there came up to him a great multitude of people from the regions round about and did buy of him. When his competitors saw it they marvelled among themselves, saying: "How be it that this man is always busy while we loaf around our doors?" And he answered them saying: "It is easier for a camphell to crawl through the eye of a needle than for a man to flourish without advertising." And straightway they who were slouthful in business did lament in sackcloth and ashes until the next publication day, when each did appear at the office of the chief scribe and place with him a full page, 12 time order. And straightway their talents did increase, some twenty, some thirty and some a hundred fold.—Contributed.

IMPORTANCE OF PURE BLOODED CATTLE

Had you thought about what it would mean to Comanche county if all the cattle that we have were pure blooded?

If you have not thought about it suppose you look into the matter, and see what your conclusions are. In 1915 we had in this county 17556 head of cattle, valued at \$293,605.00, we had 5040 dogs, value unknown, but I do not care to discuss the dogs, but the cattle. We need to begin to think about the way we can best improve our cattle, so that they may be more profitable to us.

Now, if all we cattle we have were of the very best pure blood, more than likely the value would be doubled, \$587,210.00 instead of being \$293,605.00. I think that it is possible for us to find a way to bring about this change, and thereby make our cattle in a very short while double their present value per head. If we will use the knowledge that we have, and get what we can from the A. & M. College, which can be had for the asking, I feel confident that we may accomplish even more than we now think we can.

This is something that is needed to be done, and we can do it, so let's see about what should be done, and get at it, in the right way. What do you say about it?

You may hear from me again, so keep a lookout and if you have something that you think that is good, let me hear from you.

Yours for a greater Comanche, and for the best for all the citizens of this county, now is the time for you to stir your intellect as well as the ground.

EVER SALIVATED BY CALOMEL? HORRIBLE

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cts. a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—(adv.)

Rucker News.

We are still dry; need rain pretty badly. We had some very hard wind Saturday.

Some of our young people are attending the singing school at Oliver Springs.

Mr. Jim Strother and family, also Mr. Tom Ellrod from Oklahoma are visiting here now.

Mr. Benford Short is visiting here from Mississippi.

Mrs. Fannie Alsop and daughter, Miss Grace, from Delta county.

Mrs. Joe Stephens from Memphis, Tenn., is visiting here.

The sick of our community are better, except Grandma Allgood, who is pretty low. Her sons from Alabama have gone home.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Comanche people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. THE INSTANT, easy action of Adler-i-ka is surprising. M. W. McLaughlin's famous Bourbon Santos Peaberry is the finest flavored coffee in the world. Its strength and aroma is wonderful. Guaranteed to please. 25c per lb. at DUDLEY'S. (50-1)

Recently a motorist wrote to us saying that after three years' service with Texaco Motor Oil in his Hudson Roadster, he has not had occasion to grind the valves or renew the piston rings. He found almost no wear, and his motor was clean and free from hard carbon.

THAT man saved a considerable sum on his repair expense. YOU can save too, by getting Texaco Motor Oil, and you can effect a further economy by using TEXACO Auto Gasoline, the gas that gives more miles per gallon. Get them at any dealer displaying the Red Star Green "T" sign.

Honoring Miss Grinland.

Miss Bess Hoff entertained Tuesday afternoon in honor of Miss Grinland of Clifton who is visiting her. The game of the hour was Bunco, which, by virtue of its own peculiarities, always furnishes plenty of amusement. At this Miss Hitchcock made the highest score. Refreshments of delicious cake and cream were served in a very dainty manner.

Those present were: Misses Minnie Cunningham, Ola and Floy Cunningham, Leah Allen, Ruth Slack, Clara Moore, Buna Hitchcock, Anna Belle Wilcoxson, Floy

Collins, Gene St. Clair, Evelyn Thodberg, Lucille Bruton, Elsie Cathey, Iola Cathey, Maguerite Hill, Jennie Blue Tunnell, Estelle Reese, Alma Reese, Dona Saye, Glenlyth Kearby, Thelia Kearby, Thelma Gray, Nell Orand of Waco, Mrs. Tom Moore of Dallas, and honoree, Miss Grinland of Clifton.

The Strong Withstand the Heat of Summer Better Than the Weak
Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

Vacation Time is Here

You want to go where it is cool—but not so far away—where you can rest, yet have plenty of healthy recreation. "THE OZARKS MTS" are only 12 hours from Texas—the round trip fares are not so high. At WINSLOW, FAYETTEVILLE, ROGERS and EUREKA SPRINGS you can get board and lodging at reasonable rates in hotels and private homes. Ask your local agent for booklet on "SUMMER DAYS IN THE OZARKS."

FRISCO PEOPLE

VISIT COMANCHE

Messrs. S. M. English, superintendent of agricultural department; D. I. Diehl, special agricultural agent for Ft. Worth and Rio Grande, and C. E. Wynn, division freight agent of the Frisco were in Comanche Tuesday for a brief visit.

The Frisco people are putting a special agricultural agent on the line who will have charge of agricultural development feature of the Frisco from Fort Worth to Menard and who will cover the entire territory each week.

This will be quite a help to people along the line especially because the railroads are hunting markets.

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

OIL COMPANY BEING ORGANIZED IN COMANCHE

Comanche is to have an oil company soon. A corporation is being formed to drill for oil near Comanche. Local and foreign capital will be utilized.

Apply a cotton cloth wet with BALLARD'S SNOW LINIMENT to all wounds, cuts, burns, sores or blisters, and note its wonderful healing power. It is prompt and very effective. Price 25c, 50c, and \$1.00 per bottle. Sold by S. P. Smith.

We have some great bargains for you in enamelware. Slider & Lacy.

FRUIT CROP SHORTENED BY DROUTH

J. M. Grigsby tells us that the continued drouth will materially shorten the apple and later fruit crops for him. He also left some excellent apples, closely resembling the Jonathan apple, also some Bartlett pears which were extra fine.

Mr. Grigsby sprays his orchard and prunes it carefully each year. More pruning, more spraying, more careful orchard cultivation will place Comanche permanently on the map of diversification.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEE'S BABY ELIXIR. It reduces the feverish condition corrects the stomach and checks looseness of the bowels. Price 25c and 50c per bottle. Sold by S. P. Smith.

Behold the Perfected Wagons

Look Ye and Buy

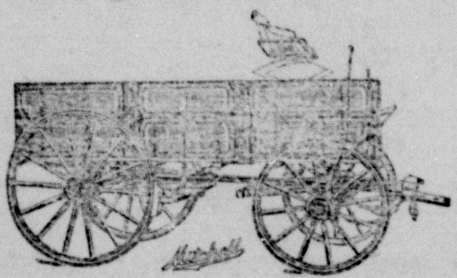

Mitchell-1916-Schuttler

Each with a record of almost
One Hundred Years
of exclusive and successful
wagon building.

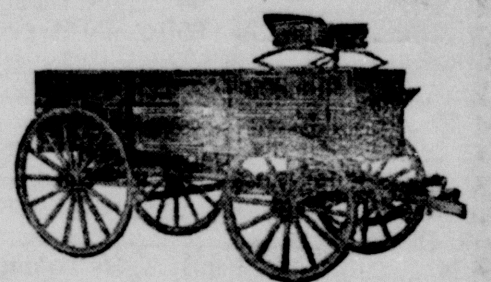

In the nation wide interest in the progress and final and almost complete perfection of the auto, we have seemingly ignored the fact that there has been equal progress made in the manufacture of other and more useful means of transportation—the farm wagon, but such has been the case and we present to you today two of the best Wagons on earth—the **newest 1916 Mitchell and Schuttler**.

Each manufacture has a record of almost one hundred years of exclusive and successful wagon building. We invite your inspection of the several carloads recently received. You will be interested in the new cotton frame beds, not necessary to use extra frame.

W. C. LANFORD

Uses Sanders Disc Plows
with his Mogul Tractor.
Ask him why.

Yes, and ask every man in Comanche county using Disc Plows and you will find that nine tenths of them are using Sanders and they will be glad to stop their work and explain their reason why. Every user of a Sanders is a Sanders booster. It's not necessary to have excessive weight to force the Sanders into the hard ground—they are scientifically constructed and easily plow 8 to 10 inches deep in hardest soil.

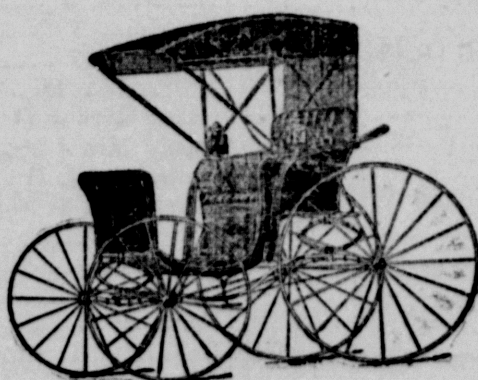

There is no side draft and each lever is provided with an equalizing spring making it easy to handle—while it is light, yet it is extremely strong and almost indistructable.

Why not a Sanders for you? Prices right—terms to your satisfaction.

COMANCHE HAS STORMY STAY

Nugent Durham was attending the Texas Tax Collectors' Convention in Galveston last week and accidentally connected with the hurricane which struck the coast.

According to his account, however, he did not attend full session of the hurricane, leaving Thursday before the storm finished.

When he left water was within two feet of the top of the piers and normally it is ten feet. Waves were breaking over the seawall, and people in the business districts were moving their goods to second floors. He said that when he awoke Thursday morning in the Galvez Hotel and saw the waves coming over the seawall he suddenly remembered what a high altitude Comanche was, and started for it.

The Best Laxative.

To keep the bowels regular the best laxative is out door exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables. Also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

Copperas Prairie and Gap.

Hot dry weather continues. Some indication of rain this morning, Tuesday.

Mr. and Mrs. J. W. Graham of Doole came up Friday and remained until Monday when they left for their home.

One day last week the little child of Mrs. Sam Rowings walked into the fire around the wash kettle badly burning its feet.

Walter Williams of May is teaching a singing school at Gap.

Mr. and Mrs. J. W. Powell of Texico are visiting Mr. and Mrs. W. C. Thomason of Gap, parents of Mrs. Powell.

Tom Brown, C. L. White and Sam Crane all of Gap made a business trip to Comanche Monday morning.

A large crowd from here attended the baptizing at Sidney Sunday evening.

Jno. Sides of near Blanket was in this locality Friday wanting to buy hogs.

C. J. Graham, M. O. Lane and J. W. Graham of Doole all went to Comanche Saturday evening.

There is an epidemic of "car fever" in this section. K. D. Jones seems to have the most serious case. His fever has run as high as 110 and we don't expect him to recover unless he gets one, and if he should get one he would be liable to kill himself and family.

Will Rankins and so nof Zourlette and W. B. Wagon of Gap were at Comanche Monday in Mr. Rankins' car.

The protracted meeting at Gap is still in progress and we are informed it will continue during this week.

H. H. Burnett has been suffering the past ten days with a rising on each hand.

Sunday night E. A. Reece staked a cow out in his field and she became entangled in the rope during the night and broke her neck.

Mrs. Will works of near Blanket spent a day or two with relatives here last week.

Will Armstrong, K. D. and A.

C. Jones and Hiram Adams were out on the Colorado one night last week but failed to get any fish.

When you yawn a good deal in the daytime, feel dull, achy and want to stretch frequently it is an unmistakable symptom of malaria, and unless you do something at once you are booked for a spell of chills. HERBINE is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malarial germ thrives, strengthens the liver and cleanses the bowels. Price 50c. Sold by S. P. Smith.

Boys Flock to Training Camp.

The idea of a training camp evidently appeals to the boys of C. H. S. We have a number of enrollments already and are getting more each day. Some boys, however, misunderstood and have the idea that only those who have made the team are wanted. This is very erroneous, as all boys who want to play football are invited to attend. Please let us hear from you at once as we want to know how many to expect.

PIONEER PREACHER TO HOLD MEETING

Bro. Sam Powers, pioneer preacher in this section, will conduct meeting at Robersonville church beginning Monday night, August 28th.

Bro. Power is not only a God-fearing preacher, but a man who was prominent in the settling of this country, fighting Indians, enduring the hardships and braving the dangers that accompanied the changing of the west from the wilderness to a garden.

No men were more respected and no men more willingly gave service nor greater service than these old men who took the chance of death in order to spread the gospel.

Rev. Power, now around 80 years, is still strong and hearty. To give an idea of how long he has been in the service, he baptised Emerson Kelley and married Uncle Jack Isham and wife.

Many of his old friends welcome the opportunity to hear this noble old man preach.

Cure for Cholera Morbus.

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.

We have some great bargains for you in enamelware.

COMANCHE SHIPPER TOPS HOG MARKET

T. I. Collins last week shipped a car of hogs to Fort Worth, which, as far as we know, sold for more than any hog shipment ever made from Comanche, bringing 10 cents straight. They were fed on grain and Swift & Co. "tankage," a prepared feed.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

DAVIS MASON SHOT

Was Leaving Home When Struck by Spent Ball.

Friday as Davis Mason was leaving his home in northeast Comanche, just as he was going down the steps he was struck by a spent rifle ball of the 22 calibre. While the ball did not enter his flesh it raised a terrible knot and caused Mr. Mason much pain, causing him to use a cane.

He says he heard the shot and as he started to turn the ball struck him. He was unable to locate the one who fired the shot. He says that for some time shooting about the high school campus and Civic League park has been prevalent.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

COMANCHE HAS STORMY STAY

Nugent Durham was attending the Texas Tax Collectors' Convention in Galveston last week and accidentally connected with the hurricane which struck the coast.

According to his account, however, he did not attend full session of the hurricane, leaving Thursday before the storm finished.

When he left water was within two feet of the top of the piers and normally it is ten feet. Waves were breaking over the seawall, and people in the business districts were moving their goods to second floors. He said that when he awoke Thursday morning in the Galvez Hotel and saw the waves coming over the seawall he suddenly remembered what a high altitude Comanche was, and started for it.

The Best Laxative.

To keep the bowels regular the best laxative is out door exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables. Also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Copperas Prairie and Gap.

Hot dry weather continues. Some indication of rain this morning, Tuesday.

Mr. and Mrs. J. W. Graham of Doole came up Friday and remained until Monday when they left for their home.

One day last week the little child of Mrs. Sam Rowlands walked into the fire around the wash kettle badly burning its feet.

Walter Williams of May is teaching a singing school at Gap.

Mr. and Mrs. J. W. Powell of Texico are visiting Mr. and Mrs. W. C. Thomason of Gap, parents of Mrs. Powell.

Tom Brown, C. L. White and Sam Crane all of Gap made a business trip to Comanche Monday morning.

A large crowd from here attended the baptising at Sidney Sunday evening.

Jno. Sides of near Blanket was in this locality Friday wanting to buy hogs.

C. J. Graham, M. O. Lane and J. W. Graham of Doole all went to Comanche Saturday evening.

There is an epidemic of "ear fever" in this section. K. D. Jones seems to have the most serious case. His fever has run as high as 110 and we don't expect him to recover unless he gets one, and if he should get one he would be liable to kill himself and family.

Will Rankins and so nof Zour-ette and W. B. Wagnon of Gap were at Comanche Monday in Mr. Rankins' car.

The protracted meeting at Gap is still in progress and we are informed it will continue during this week.

H. H. Burnett has been suffering the past ten days with a rising on each hand.

Sunday night E. A. Reece staked a cow out in his field and she became entangled in the rope during the night and broke her neck.

Mrs. Will works of near Blanket spent a day or two with relatives here last week.

Will Armstrong, K. D. and A. C. Jones and Hiram Adams were out on the Colorado one night last week but failed to get any fish.

When you yawn a good deal in the daytime, feel dull, achy and want to stretch frequently it is an unmistakable symptom of malaria, and unless you do something at once you are booked for a spell of chills. Why Women Write Letters

To Lydia E. Pinkham Medicine Co.

WHY WOMEN WRITE LETTERS

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

PIONEER PREACHER TO HOLD MEETING

Bro. Sam Powers, pioneer preacher in this section, will conduct meeting at Robersonville church beginning Monday night, August 28th.

Bro. Power is not only a God-fearing preacher, but a man who was prominent in the settling of this country, fighting Indians, enduring the hardships and braving the dangers that accompanied the changing of the west from the wilderness to a garden.

No men were more respected and no men more willingly gave service nor greater service than these old men who took the chance of death in order to spread the gospel.

Rev. Power, now around 80 years, is still strong and hearty. To give an idea of how long he has been in the service, he baptised Emerson Kelley and married Uncle Jack Isham and wife.

Many of his old friends welcome the opportunity to hear this noble old man preach.

SOME BASEBALL STARS

THE FARM AND SMALL TOWN FURNISH BEST MATERIAL FOR BIG LEAGUE TIMBER.

Looking over the roster of the big league ball teams you will find name after name of men who only recently were boys on the farm or in the village or small town. On the other hand, surprisingly few hall from the big cities. And yet, this is not so surprising after all. Even laying aside our knowledge of the big part that the so-called country boy has always played in the great affairs of business and the nation, the country is the place to lay the foundation necessary for athletes.

The photographs shown are familiar to all lovers of the great National game. In addition to their being representatives of their type in the baseball world, all of these stalwart athletes are great endowers of that beverage you know and like so well—Coca-Cola.

Short Histories of the Players.
JONES, Fielder Allison, Manager of St. Louis Browns. Born August 13, 1871, at Shingle House, Pa. Last season he came within one-half game of winning Federal League pennant, finishing nearer the top than any team in major leagues since the Browns in 1889.

He says Coca-Cola is his favorite beverage.

ALEXANDER, Grover Cleveland, Pitcher Philadelphia Nationals. Born in St. Paul, Nebraska, February 26, 1887, and lives on a farm there now.

Alexander is one of the greatest pitchers in the game today, being practically responsible for the Philadelphia National League team winning the pennant last year. Drafted by Philadelphia in August, 1910, with whom he has since played. He warmly endorses Coca-Cola as a drink for athletes.

COMANCHE BOY PROMOTED.

Port Cash has received a very nice promotion by the Texas Power & Light Co. and will go to Brownwood where he becomes first assistant chief engineer of the plants. From here out the sky is the limit to Port's promotions and we predict a series of climbs for him. He is a Comanche raised boy who has risen among us by his own efforts and it was quite a tribute to him to be made superintendent of the Comanche plant when the T. P. & L. people took charge, and now that he has received a promotion in less than year to one of the best positions with the company is a lasting compliment to his ability, integrity and industry.

He will be succeeded as superintendent by H. S. Weir, who for years has had charge of the Brownwood light plant. Mr. Weir also has bought the T. Carlson contracting business and will have charge of all wiring contracts, etc.

Notice in Bankruptcy.

In the District Court of the United States for the Northern District of Texas, in the matter of James Philander Campbell, Bankrupt, No. 925, in Bankruptcy.

First meeting of creditors: Office of Referee, Fort Worth, Texas, August 21, 1916. To the creditors of J. P. Campbell of Proctor and District aforesaid, a Bankrupt:

This is hereby given, that on the first day of August A. D. 1916, said J. P. Campbell was duly adjudicated bankrupt and that first meeting of creditors of the bankrupt will be held at my office, in the City of Fort Worth, Texas, on the 9th day of September A. D. 1916, at nine o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such business as may properly come before said meeting.

W. B. Paddock, Referee in Bankruptcy.

Notice in Bankruptcy.

In the District Court of the United States, for the Northern District of Texas, in the matter of Bankruptcy et al. in shrdlu shrdlu James Ernest Croft, Bankrupt, No. 906 in Bankruptcy.

Bankrupt's petition for discharge, filed 15th day of August, 1916, and order thereon James Ernest Croft of Proctor in the County of Comanche and State of Texas, in the District, respectfully represents that on the 25th day of March, 1916 A. D., he was duly adjudged bankrupt under the Acts of Congress, relating to bankruptcy, that he has duly surrendered all his property and rights of property and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy.

Wherefore he prays that he may be decreed by the Court to have a full discharge from all his debts provable against his estate under said bankrupt acts, except such debts as are specially excepted by law from such discharge.

Duly verified on the 10th day of July, 1916.

Signed James Ernest Croft, Bankrupt.

Considering the above petition, it is ordered that any creditor who has proved his claim and other parties in interest desiring to oppose the said discharge as prayed for in above petition shall, on or before the 21st day of September, 1916, file with the undersigned Referee at Fort Worth, Texas, notice in writing of their opposition, specifications thereunder shall be filed with the Referee within ten days from the said date on or before which opposition may be filed.

Given this 19th day of August, 1916. W. B. Paddock, Referee in Bankruptcy.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, head aches, dizziness and distressing urinary ills. Comanche people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. J. T. Moody, Comanche, says: "I have been troubled by my kidneys for two or three years. My back pained me badly and I felt so weak and languid that I could hardly do my house work. In the morning when I got up, I was awfully dizzy and everything seemed to whirl before me. My kidneys were also congested. I used only one box of Doan's Kidney Pills, but I have felt better since and my back and kidneys have been stronger. Of late, I haven't noticed any dizziness."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moody had. Foster-Milburn Co., Props., Buffalo, N. Y.

The State of Texas, County of Comanche.

I, J. F. Palmer, Tax Collector of said County, do hereby certify that the within lands and town lots assessed on the Tax Rolls of said County for the year 1915, are delinquent for the taxes of 1915 only, and that I am entitled to credit for the taxes as shown thereon.

J. F. PALMER,
Tax Collector.

MARY L. SMITH,
County Clerk, Comanche County.

Sworn to and subscribed to before me this 11th day of May, 1916.

By B. C. Stailey, Deputy.

Citation by Publication.

The State of Texas, to the Sheriff or any Constable of Comanche County—Greeting:

You are hereby commanded to summon Sarah H. Ellis, the unknown heirs of Sarah H. Ellis and the unknown heirs of such known heirs, J. W. Daley, A. A. Condren, James W. Melrose, Mary H. Melrose, R. T. Condren, R. H. Condren, Orsen L. Barley, Emiline A. Barley, Chas. E. Wyrich, Florence Wyrich, by making publication of this Citation once each week for eight successive weeks previous to the return day hereof, in some newspaper published in your County if there be a newspaper published therein, but if not, then in any newspaper published in the 52nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 52nd Judicial District; to appear at the next regular term of the District Court of Comanche County, to be holden at the Courthouse thereof, in Comanche, Texas on the third Monday in October A. D. 1916, the same being the 16th day of October A. D. 1916, then and there to answer a petition filed in said court on the 4th day of August A. D. 1916, in a suit, numbered on the docket of said court No. 3680, wherein W. F. Brasuel and D. M. Folkner, is Plaintiffs, and Sarah H. Ellis, and the unknown heirs of Sarah H. Ellis and the unknown heirs of such unknown heirs, J. W. Daley, A. A. Condren, James W. Melrose, Mary H. Melrose, R. T. Condren, R. H. Condren, Orsen L. Barley, Emiline A. Barley, Chas. E. Wyrich, Florence Wyrich, are Defendants, and said petition alleging that on Nov. 10th, 1898, J. W. Daley, A. A. Condren, attorney in fact, for Mary H. Melrose, James W. Melrose, R. T. Condren, R. H. Condren, Emiline A. Barley, Orsen L. Barley, Florence Wyrich and Chas. E. Wyrich, made, executed and delivered to these plaintiffs D. M. Folkner and J. W. Peacock a general warranty deed to 320 acres of land out of the John Shelton survey, situated in Comanche County, Texas, known as survey No. 283, on the waters of Copperas Creek, about 20 1-2 miles N, 50 west from the town of Comanche, beginning at a stone mound for the N. W. corner of pre. surv. made for A. S. Ford, on the S. line of a survey made for John W. Clifton, Thence W. 826 vrs. to a stake for N. E. corner of a survey made for South; thence S. 600 vrs., crosses Copperas Creek 1900 vrs. past the S. E. corner of survey 2404 vrs. a stone mound for the S. W. corner of this survey; thence E. 722 vrs. a stake for the S. E. corner, on the west line of No. 60, made for the D. & D. asylum; thence N. 1722, to the N. W. corner of No. 60; thence E. 104 vrs. to a stone mound for the S. W. corner, of said Ford survey; thence 200 vrs., crosses Copperas Creek 682 vrs. to the place of beginning, under which deed the plaintiffs took immediate possession of the said above described land, enclosed and fenced the same and placed valuable improvements thereon; that by deed of conveyance of date Aug. 10th, 1857, duly recorded in Comanche County, Texas, in Vol. 40, page 243 Deed Records of Comanche County, Texas, the head right certificate of the John Shelton sur., was conveyed by Geo. Yarbrough to Sarah H. Ellis who is asserting claim under said deed to said land.

That after the death of the said Sarah H. Ellis, the supposed heirs of Sarah H. Ellis, J. W. Daley, A. A. Condren, Atty., in fact for Mary H. Melrose, James W. Melrose, R. T. Condren, Emiline A. Barley, Orsen L. Barley, Florence Wyrich and Chas. E. Wyrich, conveys said land to these plaintiffs D. M. Folkner and J. W. Peacock that in said deed of conveyance A. A. Condren purported to act as attorney in fact for the grantors therein, but no power of attorney has ever been made and recorded as required by law, showing the authority of the said A. A. Condren to act as attorney in fact for the grantors mentioned in said deed, and that each of the grantors mentioned in said deed are asserting some claim to said land.

That on October 31st, 1900, J. W. Peacock and wife by warranty deed of that date conveyed to the plaintiff W. F. Brasuel, 84 acres out of the John Shelton survey No. 283, beginning at the S. E. corner of a survey in the name of W. M. Smith; thence E. 722 vrs. to the W. B. L. of No. 60 D. & D. asylum land; thence S. to the corner of this survey; thence N. 504 vrs. to the place of beginning, that the plaintiff, W. F. Brasuel has had peaceable and adverse possession of said above described tract of land having the same enclosed, cultivating, using and receiving the benefits thereof for a period of more than 10 years.

That the said D. M. Folkner has had peaceable and adverse possession of the balance of the John Shelton survey, having the same enclosed, cultivating and using the same and receiving all benefits therefrom for a period of more than 10 years.

That by reason of the above defects as above set out a cloud has been cast on the plaintiff's title to the John Shelton survey No. 283.

Wherefore premises considered the plaintiffs prays the court that the debts be cited by publication in terms of law to appear and answer herein, and that on final hearing that plaintiffs have judgment removing said cloud from title to plaintiffs said land and that they recover of and from the above named defendants all right title and interest in and to the John Shelton survey of Comanche County, Texas.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Comanche, this the 4th day of August A. D. 1916.

W. D. Carroll, Clerk.
(50-5) Dist. Court, Comanche Co.

Sheriff's Sale.

The State of Texas, County of Comanche.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of 17th District of Tarrant County, on the 26th day of July, 1916, by J. M. Collins, Clerk of said 17th District Court of Tarrant County, for the sum of One Thousand Five Hundred Thirty-nine and no 100 Dollars and costs of suit, under a Judgment, in favor of W. D. McKey in a certain cause in said Court, No. 41528, and styled W. D. McKey vs. E. E. Denny et al, placed in my hands for service, I, Jack Cunningham as Sheriff of Comanche County, Texas, did, on the 3rd day of August, 1916, levy on certain Real Estate, situated in Comanche County, Texas, described as follows, to-wit:

80 acres of land situated in Comanche County, Texas, and being a part of the Pomeroy survey, about 11 miles north, 31 degrees west of the City of Comanche, Texas, and described by metes and bounds as follows: Beginning at a stone set in the ground on the west line of said Pomeroy survey, 1809 varas north from the southwest corner of said survey, for the southwest corner of this tract; thence east 722 varas to the southwest corner of the tract of land sold to R. E. Haddox out of the said Pomeroy survey, for the southeast corner of this tract; thence north 627 varas to the north west corner of said Haddox tract for the northeast corner of this tract; thence west 722 varas to the west line of said Pomeroy survey, a stone set in the ground for the northwest corner of this tract; thence south with the west line of said Pomeroy survey 627 varas to the place of beginning, being the same land sold by James Lindsey and wife, M. D. Lindsey, to W. D. Howard, as shown by deed of record in Vol. 87, at page 242 of the Deed Records of Comanche County, Texas, to which reference is here made, and levied upon as the property of E. E. Denny and A. J. Lloyd, and that on the first Tuesday in September, 1916, the same being the 5th day of said month, at the Courthouse door, of Comanche County, in the City of Comanche, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of

said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said E. E. Denny, A. J. Lloyd, T. E. Bingham and O. G. Harris.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Comanche Chief-Exponent, a newspaper published in Comanche County.

Witness my hand, this 4th day of August, 1916.

Jack Cunningham,
Sheriff, Comanche Co., Texas.
By J. E. Miller, Deputy. (50-1)

Notice of Trustees Sale.

Whereas, S. M. Crain, by his certain deed of trust, in writing, dated the first day of January, 1910, and of record in the Trust Deed Records of Comanche County, Texas, in Book "J" page 355, conveyed the real estate hereinafter described to Natt Holman, Trustee, for E. C. Stuart of the city of St. Louis, State of Missouri, for the purpose of securing to the said E. C. Stewart the payment of one certain note or bond, date January 1st, 1910, for the sum of \$600.00, and due January 1st, 1915, with interest thereon from date until paid at the rate of ten per cent per annum, the payment of said note being further assured by the said Natt Holman and J. A. Holman, as endorsers, and

Whereas, the said note is now past due, and the said Natt Holman has removed from the County of Comanche, and has refused to act further as trustee under said deed of trust, and by reason of the default made in the payment of said indebtedness, the power of sale given in said deed of trust has become operative, and

Whereas, the said E. C. Stuart, the legal owner and holder of said indebtedness, has notified me of such default, and also notified me of the refusal of the said Natt Holman, to act as trustee, and has requested me in writing, to advertise and sell said real estate within the manner provided in said deed of trust, for the purpose of paying off said debt (which debt on the first day of August, 1916, amounted to the sum of \$768.00) together with the additional costs of this foreclosure.

Now, therefore, notice is hereby given, that I will on the first Tuesday in September, 1916 (the same being the 5th day of said month) between the hours of 10 o'clock a. m. and 4 o'clock p. m. of said day, at the courthouse door in the city of Comanche, in Comanche County, Texas, offer for sale at public vendue to the highest bidder for cash, that certain tract or parcel of land situated in Comanche County, Texas, and which is described in and conveyed by said deed of trust as follows: Fifty acres of land, a part of block No. 2 of the Three League Survey, granted by the State of Texas, to the School Commissioners of Lampasas County, beginning at the southeast corner of said block No. 2; thence north 360 yards; thence west 70 yards; thence north 170 yards; thence west 300 yards; thence south 220 yards; thence west 210 yards; thence south 280 yards; thence east 580 yards to the place of beginning.

Witness my hand this the 14th day of August A. D. 1916.

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand up right. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable Obtainable everywhere.
